PROFILE SUMMARY

- Enthusiastic and detail-oriented data science graduate with a strong academic foundation in Machine Learning, Deep Learning, Statistics and programming.
- Highly skilled in Python, C++ and SQL with hands-on experience using tools such as Google Colab, Jupyter Notebook, Kaggle and Power BI for data cleaning, analysis and visualization.
- During academic projects, successfully applied Predictive Modeling, Regression Analysis and Classification techniques to solve real-world problems, demonstrating strong analytical thinking and problem-solving abilities.
- Well-versed in statistical concepts, Data Preprocessing and visualization methods to effectively communicate findings to both technical and non-technical audiences.
- A motivated learner who stays current with emerging technologies in the field of Artificial Intelligence, Big Data and Cloud Computing.

EXPERIENCE

- ***Frontend Web Developer, at Techificent***

(July 2024 - October 2024)(16 Weeks)
Built responsive and user-friendly web interfaces using HTML 5, Cascading Style Sheets (CSS) and JavaScript. Reduced page loading times by up to 30% through code optimization and lazy loading.

- ***Data Science & Analytics Intern, at Developers Hub Corporation***

(*February 2026 - March 2026)(06 weeks)*
Analyzed and cleaned large datasets, created visualizations and delivered actionable insights using Python, Pandas, NumPy, Matplotlib, Seaborn, Machine Learning, Deep Learning, model training and testing.

- ***Data Science Intern, at Afynix Digital***

(February 2026 - March 2026)(06 weeks)
Applied Statistical Analysis and Data Modeling techniques to support decision-making and improve project outcomes. Demonstrated strong analytical thinking, problem-solving and communication skills through the internship.

Pakistani
13/04/2002

Data Scientist

QUALIFICATIONS

- ***Matriculation at The Concept School, Hujra Shah Muqeem***

(March 2016 - March 2018)(02 years)(Grade A+)
Successfully completed secondary education with a strong academic record, demonstrating excellence in science subjects.

- ***Intermediate at The Panjab College, Okara***

(March 2019 - May 2021)(02 years)(Grade A)
Completed intermediate education at the COVID-19 pandemic demonstrating adaptability, self-discipline and commitment to academic excellence in a remote learning environment.

- ***BS Data Science at University of Okara, Renala Khurd***

(November 2021 - October 2025)(04 years)(CGPA 3.59)
Gaining strong foundation in programming, Data Visualization, Machine Learning and Statistical Modeling to solve real-world problems.

CERTIFICATIONS

- Diploma of Office Management (DOM), Comrade Information Technology Centre (July 2024)
- Basics of Python, UniAthena (September 2025)
- Basics of Python Programming, OOP Concepts in Python, Data Structures in Python, Modules, Packages & Files in Python, Basics of Pandas, Basics of NumPy, Basics of Matplotlib, Basics of SQL Aggregate Functions and Joins, Basics of SQL Statements & Indexes, Basics of SQL Stored Procedures, Basics of Visualizations in Power BI, Basics of DAX in Power BI, Basics of Microsoft Power BI, UniAthena (January 2026 – September 2026)

TECHNICAL SKILLS

- ***Frontend Development***

HTML5, Cascading Style Sheets (CSS3), JavaScript (ES6+).

- **Databases**

Structured Query Language (SQL).

- **Programming Languages**

Python, Python with Data Science, C++.

- ***Core Computer Science***

Object-Oriented Programming (OOPs), Data Structure and Algorithms (DSA).

ZAIGHAM ABBAS

Data Scientist

- **Tools and Platforms**

Jupyter Notebook, Google Colab, Visual Studio, Anaconda, Power BI, Tableau, Microsoft Word, Excel, PowerPoint, Canva.

DATA SCIENCE PROJECTS

- **Image recognition using CNN (Convolution Neural Network) Model.**

(March 2022 - August 2023)(University of Okara).
Developed a CNN-based image Classification model to recognize and categorize images with high accuracy using Deep Learning techniques.

- **True and fake news detection using sequential models.**

(September 2024 - February 2025)(University of Okara).
Built an NLP-based Sequential model (LSTM/RNN) to classify news articles as real or fake, improving misinformation detection.

- **Skin cancer using Machine Learning and Deep Learning.**

(September 2024 - July 2025)(University of Okara)(Final Year Project).
Designed and evaluated Machine Learning and Deep Learning models for early skin cancer detection using dermoscopic image datasets.

- **Heart disease detection using Machine Learning and Deep Learning.**

(September 2024 - July 2025)(University of Okara).
Developed Predictive models to identify heart disease risk using patient health records and feature engineering techniques.

- **Predicting Insurance Claim Amounts.**

(February 2026 - March 2026)(Developers Hub Corporation).
Created Regression models to estimate insurance claim amounts based on customer demographics and policy information.

- **Personal Loan Acceptance Prediction.**

(February 2026 - March 2026)(Developers Hub Corporation).
Built Classification models to predict loan acceptance likelihood using customer financial and demographic data.

- **Customer Churn Prediction Bank Customers.**

(February 2026 - March 2026)(Developers Hub Corporation).
Developed Machine Learning models to predict customer churn and identify key factors influencing customer retention.

- **Credit Risk Prediction.**

(February 2026 - March 2026)(Developers Hub Corporation).
Implemented Classification algorithms to assess credit risk and support data-driven lending decisions.

and many more .....

ZAIGHAM ABBAS

Data Scientist

PROFESSIONAL SKILLS

- Time Management and Project Completion.
- Reading about technology and innovation.
- Team Collaboration and Communication.
- Coding and problem solving challenges.
- Problem Solving and Logical Thinking.
- Reading about technology and news.
- Debugging and Code Optimization.
- Volunteering and mentoring.
- Adaptability and teamwork.
- Attention to detail.

LANGUAGES

- Urdu (Native or bilingual working proficiency)
- English (Professional working proficiency)
- Punjabi (Professional working proficiency)
- Chinese (Limited working proficiency)
